

*Our precious angel Sherry
Walked around God's garden
And found a special place
As she watched over us
Upon this earth
She has seen your tired face.
She saw that you were suffering
And that the hills were hard to climb
She knew so well the road ahead
Sure would not be too kind.*

*She put her arms around you
And lifted you to rest
God's garden must be beautiful
For he always takes the best.
As she closed your weary eyelids
And whispered come with me
It broke our hearts to lose you
But knew you did not go alone
For part of us went with you
The day God called you home.*

*You left us peaceful memories
Your love will be our guide
Although we cannot see you
We know you're always by our side.
Our family chain is broken
And nothing has been the same
But as God calls us one by one
The Chain will link again!*
