Weep Not For Me

*Weep not for me, I am happy now
Shed no tears, I'm with my maker now
The life I've lived was quite fulfilling
Although at times it was drilling
Remember the good times, not the bad
Feel happy for me, don't feel sad
You will remember me with a smile
I'll be by your side all the while
We will all meet again in another life
Weep not for me, do not feel strife
I've loved you all through my years
Please do not shed any more tears
Live each day as if it were your last
Resolve your troubles, resolve them fast
Weep not for me but for those left behind
Try to be understanding, try to be kind.
Weep not for me, I am happy now.*
